

ecoware®

Making single-use
plastic redundant
since 2009

For over 10 years we
have been creating
positive social impact
by connecting people
with sustainability.

- Rhea Mazumdar Singhal
Founder & CEO

About us

We created Ecoware
to make the **most
sustainable
packaging** in the
most ethical way

Ecoware is India's
first and largest
sustainable food
packaging company

Our range of 35+
compostable
products includes
**tableware, cutlery &
takeaway** packaging

Our Mission

Of Earth. For Earth.

We provide high quality, affordably priced biodegradable & compostable products **made from plants**

Make an Impact

We create **positive Environmental, Social and Governance impact** for very product we produce and sell.

Lead by Example

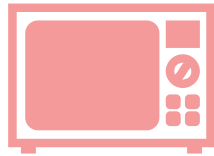

We **maintain strict quality and testing** procedures to **ensure compliance** with global standards.

Why You'll Love It

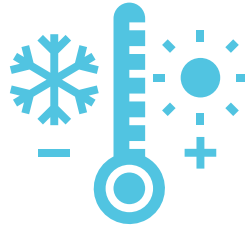

Ecoware is a healthy solution for your everyday consumption choices. Our plant based tableware has zero plastic, is certified compostable and positively impacts both you and the environment.

Innovation

INDIAN RAILWAY
CATERING & TOURISM
CORPORATION

The Indian Railways serves 11 million meals per day. Since 2018, **Ecoware has been supplying single-use biodegradable trays, bowls and boxes** to the railways catering company (IRCTC) for serving pre-packed meals to passengers. Food is packed in our Trays at a remote location up to 10 hours before it boards a train. Once on board, these Trays are heated in an induction oven just before serving to passengers. Our robust, high quality products can easily withstand the rigors of mass catering.

الإتihad
ETIHAD
AIRWAYS

Airlines generate around 6.7 million US tons of cabin waste*. As air travel becomes increasingly accessible, airlines have been making public pledges to curb their environmental footprints, including the disposable plastic tableware from meals trays. In April 2021, **Ecoware designed and supplied fully compostable tableware to Etihad Airways for its eco-flight** from Abu Dhabi to Rome. This flight demonstrated the ease and utility of using Ecoware to serve in-flight meals thereby creating a positive case study for all airlines to reduce single-use plastic usage.

*IATA

Customization

Custom printed Ecoware products are an effective way to advertise your business and stand out from the crowd. Our experienced Design team will help you with R&D, concept creation and rendering, prototyping, technical drawings all the way through to manufacture and delivery. We will make your brand sing to impress your customers with any shape and/or creative you want.

Services offered:

- Product printing
- Product embossing
- Custom product shape & design
- Custom product pack size
- Sticker printing
